Summary

Driven and meticulous Front-End React Developer with a keen eye for detail and a passion for creating sophisticated user interfaces.

Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Front end:** ReactJS, NextJS, React Router, Redux Toolkit, Context API, Tailwind, Bootstrap
- **Tools:** Firebase, VS Code, Cursor, Git, GitHub, Figma, Chrome DevTools

Work Experience

Web Developer - Younedia

Nov 2024 - Apr 2025

- Developed and maintained reusable React components, reducing code redundancy by **30%** and improving development efficiency.
- Optimized state management and rendering strategies, reducing unnecessary re-renders by **35%** and improving app responsiveness.
- Enhanced UI/UX with smooth animations, accessibility features, and intuitive navigation, increasing user engagement by **25%**.

Projects

NEOFLIX - AI powered Movie Recommendation System [Link](#)

Sept - Oct 2024

- Developed **GPT-powered** movie recommendation app using React, Llama AI API, and TMDB API, featuring dynamic movie search, personalized suggestions, and multi-language support.
- Designed a **Netflix-inspired UI** with Tailwind CSS, ensuring responsive, intuitive, and visually appealing UI/UX across all devices.
- Integrated **Firebase Authentication** for secure sign-up/login and form validation, leveraging **Redux** for efficient global state management and seamless UX.

PROMOTUBE - YouTube Video Promotion [Link](#)

Dec - Jan 2025

- Developed seamless video advertising platform using React, Tailwind CSS, Firebase, and **Razorpay** to enable users to promote their YouTube videos effortlessly.
- Implemented robust authentication features, including login, signup, and password recovery using **Firebase Authentication** and used firebase for **real-time** data storage
- Designed a **dynamic campaign form**, automatically calculates expected Views based on **budget**, **video duration** and **target country**, enhancing the UI/UX.

REACTAURANT - Feature-Rich Food Ordering App [Link](#)

July - Aug 2024

- Built Reactaurant, feature-rich website integrating live **SwiggyAPI** containing a Redux-powered cart.
- Conducted thorough **Testing** using **Jest** for unit, integration and tested 90% of the app components.
- Added smooth **Shimmer UI** loading animations and dynamic routing with React Router.

Education

B.Tech (CSE), Chandigarh University

2020 - 2024

Achievements

- Programming Foundations in [Web Development](#) certification from Coursera.
- Elevated, intuitive, and minimalistic designs **for startups and small businesses** to help them stand out in the digital landscape with a powerful impact.
